

Discover Gluetex Biovate

The first biobased contract quality wallcovering. It meets your high demands for the contract market and is very easy to apply. Designers will enjoy absolute design freedom.

Gluetex Biovate is the first product of the international Biovate innovation program. Big Impact is initiator and one of the biobased innovators. www.bigimpact.com

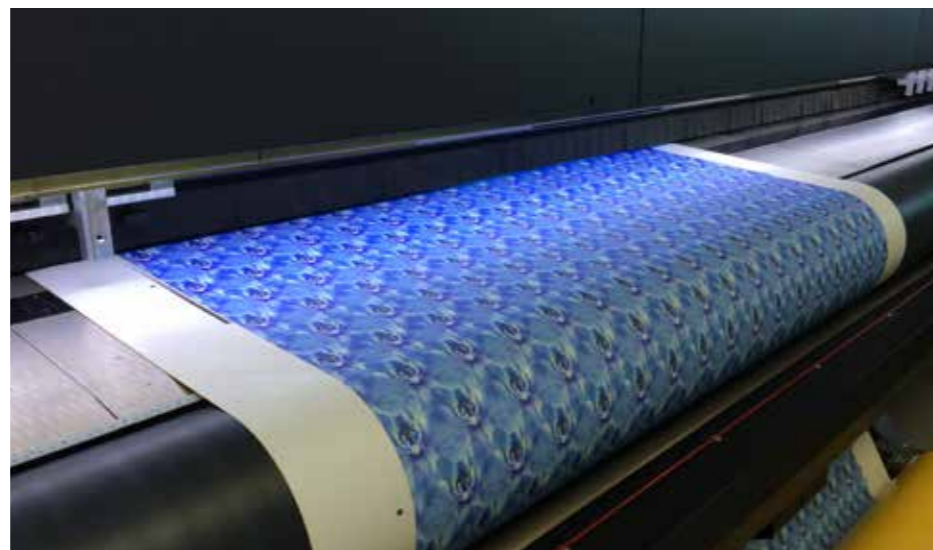

We do not only dream about a more sustainable world, we want to create it!

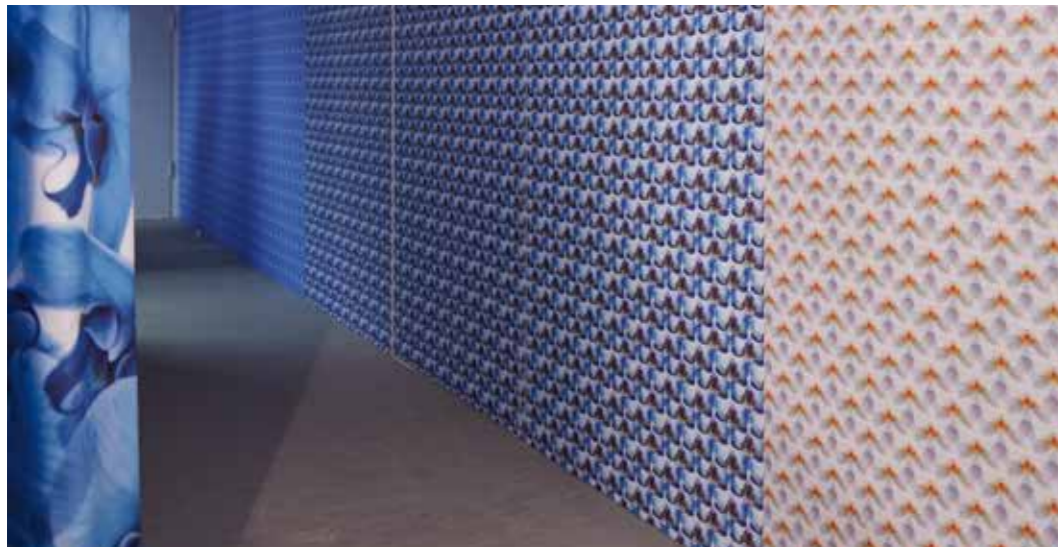

Why choose Gluetex Biovate?

The new possibilities of our bio culture are endless.

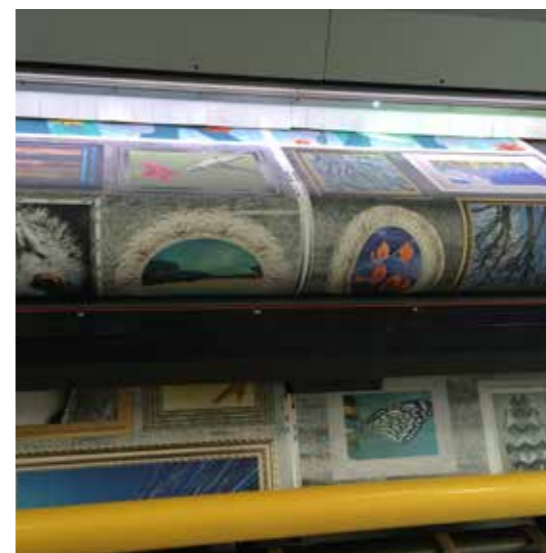

- Biobased wallcovering
- Self-adhesive, easy to mount and reposition
- High functional properties
- SBI Euroclass B-s1, D0
- Strong and sustainable
- Light- and colorfast
- Scratch- and impact resistant
- Hygienic and low maintenance
- Tiles up to 145 cm
- UV Nordic Swan inkjet

Our goal is to create 100% Biobased products, with organic (waste) materials as raw material for production. Let's Biovate!
